

## **Summer Language Exercises for Incoming 5<sup>e</sup> in the Extension Programme**

We are looking forward to welcoming all the new 5e pupils joining the Extension Programme at the Rentrée and welcoming back all those continuing from last year's 6e Extension Programme.

To help prepare your child for a smooth transition to the SIS 5e extension programme, we have selected a number of language exercises for your child to complete over the summer.

Please find below the list of specific exercises from **Checkpoint English Workbook 8** (<https://www.amazon.fr/Cambridge-Checkpoint-English-Workbook-8/dp/1107663156>). The exercises will consolidate the language work undertaken throughout this year in 6e Extension. Pupils should aim to complete as many of the exercises listed below as possible; and parents should oversee the work and note directly on the workbook, exercises that are particularly challenging for their child.

Pupils MUST bring the Checkpoint 8 workbook to class at the rentrée, so that their teacher can confirm that the work has been completed.
