

## SIS Summer Language Exercises for Incoming 6<sup>e</sup> in the Extension Programme

We look forward to welcoming you to the Extension Programme at the rentrée.

To help prepare your child for a smooth transition into 6e, our teachers have selected a number of language exercises to complete over the holidays along with the summer reading.

Parents will be expected to check their child's work and progress; if your child finds any of the exercises particularly challenging, please note this directly on the page of the workbook. Your feedback will be most helpful to us.

Pupils need to bring the **Checkpoint 7 workbook** to class at the rentrée, so that their teacher can confirm that the work has been completed. This will be a good opportunity for students to let us know of any problem areas.

Here is the list of specific exercises to be completed from the **Cambridge Checkpoint English Workbook 7** (available on Amazon ISBN-13: 978-1107647817):

**Unit 1: House and Home.** Exs 5a, 5b, 6 and 7.

**Unit 2: Tall Tales.** Exs 2a, 2b, 4, 6, 7.

**Unit 3: Favourite things.** Exs 5,7

**Unit 4: School stories.** Exs 1, 8,9,10
